

Kansas Online Learning Program

Centre USD #397

Handbook

Kansas Online Learning Program Handbook

Welcome to the Kansas Online Learning Program! (KOLP) The Kansas Online Learning Program is a full-time, interactive online K-12 and adult learners program for students living anywhere in Kansas. The Kansas Online Learning Program is part of the Centre USD #397 school district. KOLP uses technology and an interactive and engaging curriculum provided by Lincoln Empowered and Edgenuity. KOLP provides students with guidance and support from highly qualified, Kansas-certified teachers to help the students reach their potential.

The information in this handbook has been prepared to acquaint students, parents, and members of the community with the organization and policies of the Kansas Online Learning Program. During the school year, this handbook may be supplemented or revised, as needed by official bulletins or notices. Please report errors, omissions, or passages, which might need clarification, or suggestions to Centre USD #397. Each student is responsible for being familiar and aware of the contents of this handbook so that their actions conform to the philosophy of the virtual school.

ENROLLMENT

Kansas Online Learning Program is open only to residents of the state of Kansas. The enrollment process and school year include the following:

1. Complete the KOLP enrollment packet.
2. New students must attend the required KOLP training one-day session regarding access to curriculum, student/parent/teacher communication, grade manager, and access to the virtual classroom portal. These sessions must be attended in person.
3. Complete the required number of activity logs.
4. High school/adult students must take cumulative finals in person or via Skype.
5. Attendance in person for Kansas State Assessments for students in grades 3-11 required.
 - a. Students who do not complete the in person state assessments each year will not be eligible to enroll the following year in the Kansas Online Learning Program.

A virtual school environment is not the appropriate educational setting for every child. It is important to discuss your child's needs with school staff members to determine appropriateness.

Completion of the enrollment packet does not guarantee that the student will be accepted. All enrollment requests are reviewed.

TECHNOLOGY

Kansas Online Learning Program (KOLP)

Acceptable Use Policy (AUP) for Information Services—Student Edition

KOLP believes the use of technology is an integral part of learning. We believe it contributes to the overall value of learning for the individual and group, and as such, expectations are present to maintain the learning environment. The computers and technology equipment are provided by KOLP to support the educational environment. You must use it within the scope of the following guidelines and acknowledge that the use of district technology is a privilege, not a right.

Expectations for All Students

Student will:

- Use technology in the manner directed by the district administration, principals, and teachers to enhance the learning process.
- Obey all federal, state, and local laws when using technology.
- Respect technology and report any damage or technical issues immediately to a staff

member.

- Use technology to communicate with peers and adults in a respectful manner using district-approved communication methods, such as school email.
- Exercise caution before sharing personally identifiable information with others on the internet; such as a full name, email address, or home address. Students should consult a parent, guardian, or teacher before sharing such information.
- Report any inappropriate material immediately to a teacher or principal.
- Expect all email, files, and/or web history to be subject to inspection by the district administration, principals, and/or teachers.
- Respect all copyright, trademark, and license restrictions when using digital resources.
- Cite or give credit to the digital sources you use in the same manner in which you would cite other reference material.

A student will not:

- Share usernames and passwords with others.
- Use technology and related digital communications to bully, harass, threaten, or discriminate against peers or adults.
- Intentionally access or share material using technology that would be considered harmful, obscene, or inappropriate for minors as stated in the Child Internet Protection Act (CIPA). KOLP uses web content filters and security measures to mitigate and monitor access to web material that is inappropriate. However, due to the nature of the internet and constantly changing technologies, KOLP cannot fully guarantee that all web content will be appropriate. We rely on parent/guardians supervision in addition to filtering.
- Intentionally damage, disable, alter, or hinder the performance of any district technology system, including any computer, device, software, or network.
- Access or attempt to access any system, file, directory, user account, or network to which you have not been granted access.
- Attempt to install any software without consulting the Technology Director.
- Download, copy, share or distribute copyright-protected material without the owner's permission. The student assumes full responsibility in the use of copyright-protected material.
- Use technology in a manner that would disrupt the learning environment for you or any other student.

Additional Expectations for Students with Personally Assigned Computing Devices

Student will:

- Regularly save any information stored on the computer to your personally assigned network storage.

- Expect your personally assigned computing device to be regularly inspected by the district administration, principals, and/or teachers for inappropriate material, including unlicensed software or inappropriate material. Any inappropriate material or unlicensed software will be removed.
- Expect your software to be uninstalled and digital files deleted by the district administration in order to fix or repair your personally assigned computer.

A student will not:

- Expect the district to save, backup, restore, support or accommodate any software or any digital file installed, stored, or saved on your personally assigned computer, which was not installed by the district.
- Physically modify, damage, or destroy the computer and related parts in any way
- Possible Consequences for AUP Violations
- Suspension from use of district technology.
- Suspension or expulsion from school.
- Notification of local law enforcement agencies.
- Any consequence outlined in your school policy manual.

ORIENTATION SESSIONS

Once accepted into the program, the student (and his or her parents, if the student is not of majority age) are required to attend technology orientation sessions on-site or via Skype to learn hands-on usage of the virtual technology necessary to access our online curriculum, school network, and our virtual classrooms. This session will be held prior to the student starting the new school year.

ATTENDANCE POLICY

Research shows that students receive the best virtual education through consistent access to online course materials and regular communication with the teacher. Students must work on their classes on a regular basis. Regularly accessing coursework promotes good study habits and enhances the learning process. Parents are encouraged to supervise student progress on course work.

All KOLP students are expected to access coursework on a consistent basis (five hours per day). The school must be notified if the student is not able to follow the syllabus prepared by the student and their supervising teacher. Students must notify their teachers of absences.

A KOLP student will be identified as “excessively absent” if two of the following conditions

is true:

1. The student does not log instructional time for more than 5 consecutive days.
2. The student logs 10% less time than 30 hours per week and is failing courses.
3. The student and/or parent/guardian are not communicating with their SLA and/or coordinator/administration.

When the student's academic efforts and/or performance are not meeting the expectations set forth by the Kansas Online Learning Program, the student will be placed on a Plan of Improvement. An SLA usually initiates placing a student on a Plan of Improvement, but a student or parent may also request this plan. There are three steps to the process, and during the first two steps, the student has the power to improve his or her academic standing by implementing the recommendations made by the SLA.

Noncompliance Procedure

While the majority of our families are committed to educational excellence, there are instances in which a student or parent/guardian may be considered lacking in appropriate academic progress and/or communication. When the student or parent/guardian does not meet the minimum expectations for academic progress and/or communication, KOLP Administration will follow the procedure outlined below to notify the parent/guardian.

Procedure:

Noncompliance for K-12 students is based on a per-school-year cycle. After the initial noncompliance, each noncompliance builds upon itself for K-12 students and adult learners.

Noncompliance 1:

After being notified by the Student Learning Advocate (SLA) that there is an issue, the KOLP administration office will notify the parent/guardian via certified mail. They will be told the issues that are occurring; failing grades, non-engagement, lack of communication, not showing consistent progress, etc. The student will be expected to change and improve behavior and no further action will be taken if that is done.

Possible interventions for the student may include:

1. Development of an individual student study schedule
2. Time management assistance for the student
3. Online tutoring
4. Closer parent/guardian supervision of online and offline classwork completed by the student

Noncompliance 2:

If the student does not make necessary changes within 14 days after the first noncompliance is issued, the parent/guardian will participate in a scheduled conference call with their SLA, the student, and the KOLP coordinator. The call will identify the issues and at that time, it could be determined that a Plan of Improvement is needed to re-engage learning and meet suitable academic and/or communication goals to ensure the success of the student. The student and parent/guardian will then be expected to show regular progress and meet ALL goals of the Plan of Improvement to remain in good standing with KOLP. If the behavior changes and the student shows improvement, there will be no further actions taken.

Noncompliance 3:

If within 14 days the 2nd noncompliance expectations are not met, the SLA will notify the parent/guardian via email regarding the third and final noncompliance. A video conference will be required with the student, parent/guardian, SLA, coordinator, and administrator. A discussion will take place to determine if KOLP is the best place for the student to go to school.

Dismissal:

If the student and/or parent/guardian do not respond to the final noncompliance, they will be dismissed from KOLP effective immediately. A 'Notice of Dismissal' letter will be sent, via certified mail, to the parent/guardian the student's enrollment will be terminated. The parent/guardian will be expected to inform the SLA where the student will be attending school in order to have school records transferred to the new school. This must be done within 3 days of dismissal in order for the parent/guardian and student to avoid truancy filing.

* Appropriate engagement for special education students will be determined by the special education team.

GUIDANCE & COUNSELING SERVICES

Services provided by the counselor at Kansas Online Learning Program cover the areas of Personal Counseling, Educational & Academic Guidance, and Educational Planning.

PERSONAL COUNSELING:

Students facing issues with being successful in their academic experience, those dealing with personal issues in their life, or those who just need someone to discuss

issues of concern can initiate contact with the counselor and a single or multiple web conferences can be set up to assist the student. Conferences of this type can also be initiated at the request of the school administration, teaching staff, parent, or school counselor.

EDUCATIONAL & ACADEMIC GUIDANCE:

KOLP provides counseling services through the Kansas Online Learning Program. The KOLP counselor is available to help with transcript review and some individual enrollment services. Students will select courses to meet graduation requirements only or courses to meet the qualified admission requirements of the Kansas Regent universities.

CHEATING/PLAGIARISM

Students engaging in unethical academic practices (copying, cheating, turning in work that is not the students' own) will face disciplinary action. Consequences will depend upon the severity of the incident, and/or the number of offenses of this type on the part of the student. At a minimum, the student will be encouraged to resubmit the assignment in question and will receive a 0 for that assignment.

CLASSIFICATION OF STUDENTS

High school students will be classified as freshmen, sophomores, juniors, and seniors. A student must have passed a minimum of 5 credits to be classified as a sophomore, 10 credits to be a junior, and 16 credits to be a senior.

The school counselor will determine student classification on a case-by-case basis. Official transcripts will be used to determine classification placement. KOLP has the final determination of grade placement.

GRANTING CREDIT FOR INCOMING STUDENTS

Enrolling students must provide an official transcript from the school last attended. Home school students must provide a transcript of courses completed within the home school setting. It is the goal of KOLP to place the student in the most appropriate academic setting in terms of course selection.

ACTIVITY LOGS

An Academic Activity Log must be completed for each scheduled count date. There will be two count dates in September. The activity log needs to have listed courses enrolled in with the times spent working online, time spent offline completing course

requirements, and any time spent at the school building. All activity logs need to be signed by a parent/legal guardian. The completed Academic Activity Logs are to be returned to KOLP Centre USD #397.

FINAL EXAMS

As per the requirements set by the Kansas State Department of Education for online learning, KOLP students are required to attend in person or Skype final exams. Students are required to attend the final exam session for each of their classes as listed in the final exam schedule, or by teacher appointment. Students are encouraged to visit with teachers concerning questions they may have about the final exams.

EXPULSION

After repeated violations, attempts to correct misbehavior fail, or in extreme situations, a student may be expelled from school. In these cases, the student receives no credit for the year in which the expulsion occurs. Like a suspension, the student is not permitted to be online or on school grounds during the period of the expulsion.

DROPPING/ADDING AN ONLINE COURSE

Dropping an Online Course

Students wanting to drop an online course must notify the Coordinator of the Virtual Program. Students under the age of 18 must have parental permission to withdraw from a course. Students dropping a course after having been enrolled in excess of one month will receive an “F” grade for the course on their school transcript.

Adding an Online Course

Students wanting to add an online course must notify the Coordinator of the Virtual Program. The Coordinator of the Virtual Program will determine whether or not a course may be added or changed.

ACCESS TO STUDENT GRADES

KOLP students and parents will access course grades via Lincoln Empowered and Edgenuity. Parents need to check regularly for grades and announcements.

TECHNOLOGY SUPPORT

It is our goal to provide tech support to our students and parents as soon as possible when problems arise on either end of the connection. When technology problems are

encountered, open a work ticket with our technology department by emailing help@usd397.on.spiceworks.com. The goal of our technology support program is to get the student online and engaged in learning activities as soon as possible.

A student shall not intentionally access or share material using KOLP technology that would be considered harmful, obscene, or inappropriate for minors as stated in the Child Internet Protection Act (CIPA). KOLP uses web content filters and security measures to mitigate and monitor access to web material that is inappropriate. However, due to the nature of the internet and constantly changing technologies, KOLP cannot fully guarantee that all web content will be appropriate. We rely on parent/guardian supervision in addition to our mitigation efforts.

SPECIAL EDUCATION

Placement in KOLP will be determined by the IEP team. After applying to KOLP, the IEP team will review the student's current IEP and then meet with the student with disabilities and his/her family to determine if the virtual environment is an appropriate placement for the student. If deemed appropriate, the IEP team will also identify the services, modifications, and accommodations that the student should receive. All services will be provided virtually, as reasonably possible.

ELIGIBILITY FOR STUDENTS ATTENDING VIRTUAL SCHOOLS

KSHSAA Executive Board Policy Regarding Scholastic Eligibility of Virtual Students "With respect to KSHSAA Scholarship Requirements, Rule 13, and Enrollment Rule 15, students may count virtual courses for the purpose of establishing eligibility for all KSHSAA sponsored activities, provided local USD policy permits dual enrollment agreements with virtual schools.

The following stipulations will apply:

1. Virtual classes must be taken through a virtual school, fully accredited by the Kansas State Department of Education.
2. Students will be eligible at the public school in whose district and attendance area they reside.
3. Virtual students enrolling and establishing eligibility by September 20th must be included in the school's annual KSHSAA classification count.
4. The student must be currently enrolled and attending a minimum of one (1) class at the KSHSAA member public school where they desire eligibility. If the student desires participation in music, debate or speech activities, they must be enrolled and attending in that academic course at the school, if such course is offered and the school requires enrollment for participation.
5. Eligibility for virtual students will be established on a semester basis consistent with traditionally enrolled students. Virtual and traditionally enrolled students are required to pass five units of credit each semester to establish scholastic eligibility. The school is responsible to verify the academic progress of the

student with the virtual school administrator prior to submitting the student's name on KSHSAA eligibility forms and rosters.

6. Virtual students must be enrolled in five units of credit (courses) each semester. At the conclusion of the academic semester, they must have completed coursework sufficient to equal a passing grade in each course, consistent with traditionally enrolled students.
7. All students, virtual or traditional, must pass five units of credit in the previous semester to retain eligibility.
8. Like traditionally enrolled students, virtual students must be currently enrolled in five or more courses not previously passed, to establish and retain eligibility each semester.
9. Local school districts retain the authority to approve dual enrollment agreements with virtual schools.

RATIONALE

It is in the best interest of a virtual student to have daily contact with other students from the school with whom they will be interacting and competing on school teams. The student and the school share an interest in the student being a part of the daily climate and culture of the school.

AMERICANS WITH DISABILITIES ACT NOTIFICATION

Notice of Parent and Student Rights under Section 504 of the Rehabilitation Act of 1973 and The Americans with Disabilities Act of 1990. Section 504 of the Rehabilitation Act of 1973, commonly referred to as "Section 504," and the Americans with Disabilities Act of 1990 known as A.D.A, is a statute, which prohibits discrimination and assures equal educational opportunities and benefits to disabled students equal to those provided to the non-disabled.

The following is a description of student and parent rights provided under Section 504. The intent of this notification is to inform you about the school district's responsibilities under the Americans with Disabilities Act and Section 504:

You have the right to

1. Have your child take part in, and receive benefits from public education programs without discrimination based on a disability.
2. Have the school district advise you as to your rights under federal law.
3. Receive notice with respect to identification, evaluation, or placement of your child.
4. Have your child receive a free, appropriate public education. This includes the right to be educated with other students to the maximum extent appropriate. It also includes the right to have the school district make reasonable accommodations to allow your child an equal opportunity to participate in this school and its programs.

GRADUATION PROCEDURES

Virtual Students completing their graduation requirements may participate in the Centre High School Graduation ceremonies. Students are required to purchase the cap and gown through Jostens.

RETURN OF EQUIPMENT

Students who exit the program will be required to return any technology equipment issued to them by USD #397 within 10 days. If equipment is not returned by then, a statement for \$500 will be sent to the Kansas Set-Off program for collection.

NON-DISCRIMINATION STATEMENT

Applicants for admission and employment, students, parents of elementary and secondary school students, employees, sources of referral of applicants for admission and employment and all unions or professional organizations holding collective bargaining or professional agreements with Centre USD 397 are hereby notified that this institution does not discriminate on the basis of race, color, national origin, ancestry, sex, gender expression, sexual orientation, religion, disability, or age in its programs and activities and provides equal access to the Boy Scouts and other designated youth groups. 1 in admission or access to, or treatment or employment in, its programs and activities. Centre USD 397 has procedures regarding the referral, evaluation, and placement of individuals with disabilities who are eligible for services under federal law. Grievance and appeals procedures have been adopted by the Board of Education to provide for the expeditious resolution of complaints regarding individual civil rights. Any person having inquiries concerning Centre USD 397 compliance with, or complaints under the regulations implementing Title VI, Title IX, Section 504, and the Americans with Disabilities Act is directed to contact:

Name: Mr. Larry Geist
Address: 2374 310th Lost Springs, KS 66859
Phone: (785) 984-4321

Mr. Larry Geist has been designated by Centre USD 397 to coordinate the institution's efforts to comply with the above-mentioned regulations. The coordinator may also be contacted for the existence and location of services, activities and facilities that are accessible to the disabled. Regarding the institution's compliance with regulations implementing Title IX, Title VI, Section 504 and the Americans with Disabilities Act,

any person may also contact:

Region 7 Office for Civil Rights
10220 N. Executive Hills Blvd.
8th Floor
Kansas City, Mo., 64153-1367
Phone: (816) 891-8026

Note: As a means of serving those with a disability, the district will provide audio or large print version of official district publications. For additional information, contact the Kansas Relay Center at 1-800-766-3777, an Equal Employment/Educational Opportunity Agency.

The Centre School District does not discriminate, and is required by law not to discriminate, on the basis of race, color, religion, sex/gender (to include orientation, identity or expression), national origin, age, handicap, or disability, or any other basis prohibited by law in admission, access to, or treatment of its programs and activities. Any questions regarding the Board's compliance with Title VI, Title IX, Section 504 or the Americans with Disabilities Act may be directed to the district Compliance officer, who can be reached at 2374 310th Lost Springs, KS 66859 or the Office for Civil Rights of the Department of Education, telephone (816) 891-8026.

The Compliance Officer can also be contacted for the existence and location of accessible services, activities, and facilities.

Notification of District Responsibility for Section 504/ADA/Title IX Grievance Procedure. It is the policy of USD 397 not to discriminate on the basis of disability in educational programs, or activities as required by Section 504 of Title V of the Rehabilitation Act of 1973, and the Americans With Disabilities Act of 1990, and on the basis of sex as required by Title IX of the 1972 Education Amendments. As a student or employee of Centre USD 397 you are protected against discrimination in the following areas:

As a student, you may not be discriminated against in the following areas:

- Admission
- Access to enrollment
- Access to and use of school facilities
- Counseling and guidance
- Vocational education
- Physical education
- Competitive athletics
- Student rules, regulations, and benefits
- Health services
- School-sponsored extracurricular activities

If you believe you have been discriminated against on the basis of disability or gender, you may make a claim that your rights have been denied; this claim or grievance may be filed with Mr. Larry Geist. You will be asked to write down the actions, policies, or practices, which you believe are discriminatory. You may obtain help from the ADA/504/Title IX coordinator:

Name: Mr. Larry Geist
Address: 2374 310th Lost Springs, KS 66859
Phone: (785) 983-4321

or anyone you believe is knowledgeable. Once you have filed your grievance, you will be asked to meet with those persons who would be involved in correcting the policies, practices, or programs that you believe are discriminatory. If there is agreement that you were discriminated against, corrective action will be taken to restore your rights. If there is no agreement, you may appeal the grievance to a person with higher authority.

You may also file a complaint of illegal discrimination with the Office for Civil Rights of the Department of Education, Washington, D.C., at the same time you file the grievance, during or after use of the grievance process, or without using the grievance process at all. If you file your complaint with the Office for Civil Rights, you must file it in writing no later than 180 days after the occurrence of the possible discrimination

In preparing your grievance you should give thought to the following:

- The exact nature of the grievance--how you think you have been discriminated against, and any persons you believe may be responsible
- The date, time, and place of the grievance
- The names of witnesses or persons who have knowledge about the grievance
- The actions that could be taken to correct the grievance

If you wish to discuss your rights under the ADA/Section 504/Title IX, to obtain a copy of the full ADA/504/Title IX grievance procedures, or to obtain help in filing a grievance, contact Mr. Larry Geist.
